

NUUSBRIEF

Kwartaal 2, 2026

Daar lê 'n diep dankbaarheid in ons harte wanneer ons terugkyk op die kwartaal wat verby is.

Hierdie kwartaal was daar te veel kinders wat te vroeg afgesterf het agv siekte, selfdood of ongelukke op verskeie skole se sosiale media blaaie. 'n Juffrou onderweg na 'n sportdag wat in 'n busongeluk oorlede is en waar 'n hele gemeenskap nou rou. Heeltemal te jonk. Heeltemal te vroeg.

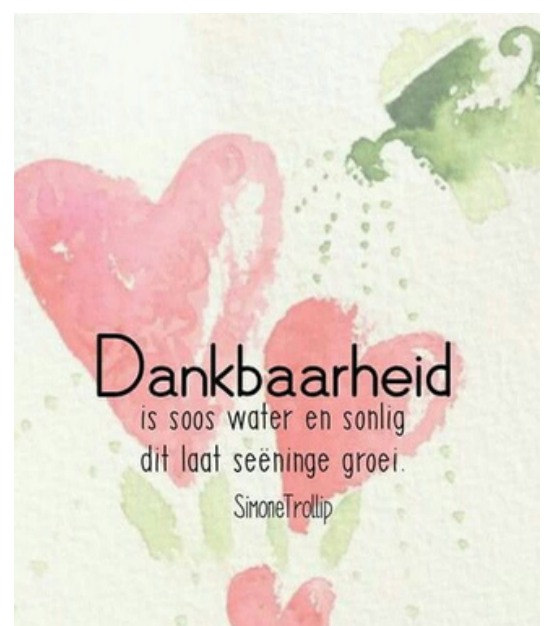

Te midde van al die hartseer wat in gemeenskappe tans is besef ons opnuut hoe kosbaar elke dag, elke kind en elke gesin is. Ons is dankbaar vir gesondheid, vir die voorreg om saam te leer en te groei, en vir die laggies wat daaglik deur ons skool weerklink. Ons waardeer die ondersteuning van ons ouers, die toewyding van die personeel en die vreugde wat ons kleuters bring. Dankbaarheid herinner ons om nie die klein seëninge as vanselfsprekend te aanvaar nie, maar om elke dag met 'n oop hart te waardeer wat ons het.

Paasete

Ons Paasete by die skool was 'n besondere en betekenisvolle geleentheid. Die kleuters het soos Bybelkarakters aangetrek en saam aan 'n lang tafel gesit om 'n ete van Bybelse kosse te geniet. Die funksie is in 'n stil, gewyde atmosfeer aangebied. Ouers het die geleentheid gekry om hul kinders se voete te was, as herinnering aan Jesus se nederigheid en diensbaarheid. Dit was 'n kosbare ervaring wat gesinne nader aan mekaar gebring het en die Paasboodskap op 'n besondere wyse laat leef het.

EduFunZa

Met die tema: **“Die hospitaal”** het ons kleuters geleer hoe belangrik dit is om na ons liggame om te sien. Ons het gesels oor hoe ons liggame ons beskerm teen kieme en waarom goeie higiëne so belangrik is. Die kleuters het ook geleer dat hospitale plekke is waar dokters en verpleegsters mense help om van siektes en beserings te herstel.

Boekedag

Op Donderdag, 23 April, het ons Internasionale boekedag gevier. Daar is iets besonder aan 'n boek. Vir grootmense is dit dalk net papier en ink, maar vir kleuters? Dit is 'n portaal na dinosaurusse wat praat, prinsesse wat self hul drake red en honde wat eintlik speurders is. Volgens ons kleuters is dit 100% waar!

Ons onderwysers het ook hul deel gedoen en deelgeneem aan die pret deur dramatiese voorlesings. Ja, dit sluit in verskillende stemme vir elke karakter. Soms klink dit effens deurmekaar en die kat klink soos 'n robot, maar die kleuters hou daarvan.

Dankie aan elke maat wat 'n boekie geskenk het vir ons boekrak!

Vans Views

Die kleuters het 'n interessante en opvoedkundige aanbieding oor die Bosveld bygewoon. Hulle het geleer wat die verskil tussen 'n boom en biosfeer is, asook meer oor die savanne se plante en diere. Die aanbieder het die Groot Vyf bespreek en verduidelik hoe diere van mekaar afhanklik is.

Rosen Castle

Ons Graad R groep het weer die voorreg gehad om Rosen Castel se aktiwiteitsentrum te besoek. Hier kon hulle 'n mini Capitec, Checkers, Tygerberg Dierehospitaal besoek, in 'n televisie studio werk en 'n selfs 'n kok wees in 'n kombuis. Checkers was veral gewild, want hier kon maats na hartelus hulle trollie vol laai!

DreamGuard

ALLERGY INFORMATION

HOW DO MOST ALLERGIES START?

House dust mites are microscopic insects related to spiders and ticks and are a major cause of many allergies. Millions of mites live in our households, but especially in mattresses and bedding. Here they find a warm and humid environment where they can feed off the dead skin cells of our bodies. Their excretions are considered one of the most common allergens for human beings. An unprotected pillow or mattress can contain up to 10% of its own weight as dead or living mites and their excretions after just a few years of use!

WHO IS AT RISK?

We are all at risk, but young children who are exposed to high concentrations of house dust mite allergens, can increase their risk of suffering from an allergy, particularly asthma, at a later stage in life. Children in families with known allergies are at higher risk.

WHAT ARE THE TYPICAL SYMPTOMS RELATED TO MITE ALLERGIES?

The exposure to mite allergens throughout the night can contribute to:

- Early morning asthma (increased wheezing, coughing, chest tightness)
- Allergic rhinitis (sneezing, itchy, stuffy or runny nose)
- Allergic conjunctivitis (itchy, red and watery eyes)
- Eczema (skin rash, itchiness or blistering skin reactions)

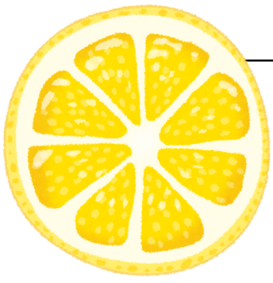

HOW DOES DREAMGUARD HELP?

The Allergy Society of South Africa and the University of Cape Town's Lung Institute recommend breathable mattress, pillow and duvet covers with mite-impermeable characteristics. Reducing exposure to house dust mite allergens is effectively achieved by creating a barrier.

The lightweight fabric offers full protection against allergens (mite excretions). It is also breathable and comfortable when in direct contact with the skin. The microfibre polyester fabric is hypo-allergenic and soft, making it a non-intrusive and protective layer wherever it is used.

WHAT ARE THE OTHER PROTECTIVE BENEFITS OF DREAMGUARD?

DreamGuard mattress covers are suitable for dermatitis sufferers and offer mattress protection against adult incontinence and during potty training. Take DreamGuard covers when travelling to use as added protection over existing bedding in rented accommodation.

Moedersdag

Ons het Moedersdag met 'n spesiale tema "Mom you're the zest" gevier. Elke kleuter het 'n suurlemoen op 'n grimeersakkie geverf.

Elke grimeersakkie se geverfde suurlemoen was uniek. Mugg&Bean het gesorg vir heerlike koffie en daar was croissants vir ontbyt.

Vadersdag

Ons het Vadersdag gevier met die tema: "Pappa jy is **VIN-tasties!**". Elke kleuter het 'n vatlap gedruk, wat Pappa by die rooster kan gebruik. Elke handjie uniek net soos elke kleuter.

Ons het die oggend geniet saam met heerlike koffie van Mugg&Bean Durbanville en 'n warm roosterkoek. Dit was 'n wonderlike geleentheid om ons Pappas te bederf en dankie te sê vir hulle liefde en betrokkenheid in hul kinders se lewe.

Akwarium

Die Two Oceans het 'n leersame aanbieding: "I live smart" aangebied. Hulle het saam met die karakters Beauty en Geo op 'n denkbeeldige besoek na die akwarium gegaan en meer geleer oor seediere. Die aanbieding het ook belangrike lesse oor omgewingsbewaring ingesluit.

Pajamadag

Pajamadag was 'n dag vol pret, lag en gemak. Wat is nou lekkerder as om in jou sagte, warm pajamas skool toe te kom?
